

# TIG WELDER

## Ref ID: TIG 0724

McAuley Engineering was founded in 1997 by Jonathan McAuley. Built on foundation of integrity, commitment to quality and determination to succeed. McAuley Engineering have a strong community involvement and have won several awards alongside their industry accreditations.

The source of our strength is the people in our company, and we are committed to training and developing them to support Quality, Environmental, Health and Safety and customer service. The Company is committed to continuous improvement and innovation.

We are currently seeking a skilled TIG welder to join our team. The ideal candidate will have experience in welding and fabricating metal components, with a strong attention to detail and precision.

#### Responsibilities

- Assemble and fabricate metal parts using TIG welding techniques.
- Perform welding on various materials, including sheet metal.
- Utilise hand tools and power tools for welding tasks.
- conduct stick welding when required.
- Apply basic math skills for measurements and calculations.
- Demonstrate mechanical knowledge for equipment maintenance.

#### Requirements

- Minimum 2 years of TIG welding experience.
- Ability to weld and fabricate metal components accurately
- Familiarity with sheet metal work
- Attention to detail and commitment to producing high-quality work.
- Competent in using hand tools and power tools for welding tasks
- Ability to work independently and as part of a team.
- Experience with stick welding is advantageous.

#### Desirable

• Familiarity with MIG welding is desirable.

## **Benefits and Schedule:**

We offer a competitive salary, health and pension benefits, and a day shift schedule from Monday to Thursday, with paid overtime at a rate of 1.5 on Fridays and Saturdays.

Closing date for completed application is 4pm Wednesday, 31 July 2024.

Please note that this position may require the applicant to work evening or night shifts as and when required. This is a full-time, permanent position. If you meet the requirements and are looking for a challenging and rewarding opportunity, we encourage you to apply.

### Applications

Please make full use of the "Information in support of your Application" page in the application form, outlining your past experience and how it makes you a suitable candidate for this role. Please give detail of how you meet the Essential/Desirable criteria, including dates of when the experience was gained.

To be considered for this position, you must complete the application process. If you would like to apply, please contact 028 27666646.

Closing date for completed application is 4pm Wednesday, 31 July 2024.
