

## PART TIME MANUFACTURING TECHNICIAN

---

**Reference ID:** PTM1024

McAuley Engineering, founded in 1997, is built on integrity, quality, and community involvement. We are committed to continuous improvement and innovation.

### **Job Role**

Come join our team at Ballymena Road, Ballymoney! We are offering a part-time position with 20 hours per week, scheduled from Monday to Thursday. If you thrive both independently and as part of a team, and are flexible with working extra hours when required, we'd love to hear from you!

### **To be successful in this position, it is essential that you have the ability to:**

- Assemble parts as per engineering drawings.
- Plan and lay out work to meet production schedules.
- Test products/sub-assemblies for functionality and quality.
- Troubleshoot issues using appropriate equipment.
- Review production processes for quality and productivity.
- Assist in developing and testing prototypes or new products.
- Maintain a clean work area.
- Provide advice and training to other technicians.
- Collaborate effectively as part of a team.

### **Desirable Skills:**

- Willingness to work extra hours during busy periods.
- Knowledge of electrical and hydraulic systems.
- Experience with machine tools (e.g., lathe, bandsaw).
- Motivation to learn new skills.

### **What we offer**

- Competitive salary (negotiable based on experience)
- Flexible working hours
- On-site parking

**Job Types:** Part-time, Permanent

### **How to Apply:**

If you're interested, please contact us at 028 27666646 to request an application or visit our website to submit your application online. In the "Information in Support of Your Application" section, be sure to outline your relevant experience and explain how you meet the criteria. For any inquiries, please use the phone number provided above.

**Closing date:** Wednesday, 30 October 2024
