

Factory Operative (Powder Coating Support)

Ref ID: FPC0624

McAuley Engineering was founded in 1997 by Jonathan McAuley. Built on foundation of integrity, commitment to quality and determination to succeed. McAuley Engineering have a strong community involvement and have won several awards alongside their industry accreditations.

The source of our strength is the people in our company, and we are committed to training and developing them to support Quality, Environmental, Health and Safety and customer service. The Company is committed to continuous improvement and innovation.

We are pleased to announce a wonderful opportunity to join our Powder Coating team in a support role, where you will be involved in producing high quality products for a diverse clientele. The successful candidates will have the chance to advance their careers in the future and will be responsible for performing various tasks in a workshop setting, such as painting, drilling, sanding, preparing products for painting, hanging, and lifting products from production lines.

MAIN DUTIES

- Preparing parts for the powder coating process including shot blasting and orbital sanding
- Loading cages with parts for dip and prime
- Emptying cages after dip and hanging on powder coating line
- Removing parts after powder coating and completing visual quality check before passing to dispatch areas for final quality checks and packing
- Packing parts on stillages and helping with dispatch

PERSON SPECIFICATION

- Experience with hand tools, abrasive wheels, drills etc
- Awareness of the importance of health, safety, and environmental concerns in a manufacturing plant
- A good level of basic maths, plus the capacity to understand engineering drawings and use measuring equipment accurately.
- Good communication skills, a 'can-do' attitude, and a willingness to rise to the challenges of a varied and physically demanding workload.

Benefits:

- Great opportunity for personal development - internal progression.
- On-site parking

These positions are based on our Vow Road Powder coating plant and will require successful applicants to be available for rotational shifts (usually 6 weeks on days: 7 am - 5 pm Monday-Thursday; then 3 weeks on nights: 4.45 pm - 3.30 am Monday-Thursday).

For further details and to obtain an application form, please do not hesitate to contact us at 028 2766 6646.

Job Types: Full-time, Permanent

Salary: From £11.44 per hour

Please make **full use** of the "Information in support of your Application" page in the application form, outlining your past experience and how it makes you a suitable candidate for this role. Provide specific details on how you meet the Essential/Desirable criteria, including the dates when you acquired the experience.

Closing date for completed application is 4pm Thursday 4 July 2024.
