

Factory Operatives (Ballymena Road, Ballymoney)

Job Ref: FOB0125

About McAuley Engineering: Founded in 1997 by Jonathan McAuley, McAuley Engineering is built on a foundation of integrity, commitment to quality, and determination to succeed. We are deeply involved in our community and have received several awards and industry accreditations.

Our Commitment: We are dedicated to training and developing our team to support quality, environmental, health and safety, and customer service. We are committed to continuous improvement and innovation.

The Role: We are seeking motivated individuals to support our team of fabricators in producing high-quality products for a diverse range of customers. Successful candidates will perform general engineering duties in a workshop environment, such as painting, drilling, and sanding, with opportunities for skills development.

Experience Required:

- Assembly Operative experience
- High attention to detail (e.g., measuring, cutting)
- Metal work finishing (using grinders, etc.)

Ideal Candidates Will Have:

- Experience with hand tools, abrasive wheels, drills, etc.
- Awareness of health, safety, and environmental concerns in a manufacturing setting
- A mechanical mindset, including accurate use of measuring equipment
- Good communication skills, a positive attitude, and a willingness to tackle a varied and physically demanding workload
- Experience in material handling or working in a stores function (beneficial)
- Competence in operating counterbalanced forklift trucks (advantageous)

Schedule:

- Day shift: Monday to Thursday
- Paid overtime on Friday and Saturday at 1.5x rate
- Potential evening/night shifts as required (no Sunday operations)

Benefits:

- Excellent opportunities for personal development and internal progression
- 4-day working week
- On-site parking

Job Types:

- Full-time, Permanent

Application Process: To be considered for this position, please complete the application process. Interested candidates should contact 028 27666646.

Please make **full use** of the “Information in support of your Application” section in the application form to detail your past experience and explain why you are a suitable candidate for this role. Be specific about how you meet the essential and desirable criteria, including the dates when you gained this experience.
